PROFILE

Sustainability and human rights professional with more than seven years across humanitarian programming, corporate ESG reporting, and international policy. Six years at IOM Indonesia coordinating counter-trafficking, labour migration, and climate displacement work with government, donors, and civil society partners. CDP submission co-lead and Scope 1, 2, 3 emissions consolidation across 43 countries at Sodexo (score improved A- to A). G20 climate policy contribution at UNESCO during Brazil's presidency. Trained in human rights and humanitarian action at Sciences Po Paris with a methods concentration including evaluation, qualitative research, and GIS. Indonesian, English, French.

PROFESSIONAL EXPERIENCE

Associate, Sustainability

Paris, France | July 2026– Present

Kala Advisory

- **Sector Research:** Co-authored the [Southeast Asia Climate Technology Spotlight](#) (Issue 2, Southeast Asia Business Sector Spotlight, July 2026), a market-entry analysis of the region's climate technology sector for European and East Asian businesses.
- **Market Analysis:** Analysed private green investment across ASEAN-6 and nature-based solutions carbon offset supply projections to 2030, producing a two-country supply-and-marketplace entry model.
- **Risk & Regulatory Analysis:** Assessed structural sector risks and the ASEAN Common Carbon Framework, Article 6 and EU CRCF landscape, with five costed market-entry recommendations.

Climate Correspondent

August 2026 – Present

Southeast Asia Daily

- **Feature Journalism:** Co-authored two long-form features on climate technology companies — [Carbonsate](#) (durable carbon removal via woody-biomass burial) and [AlGreen](#) (microalgae-based carbon capture and air purification).

Independent Consultant | Paris, France | registered profession libérale (SIRET)

May 2026 – Present

- **Sustainability Advisory:** Produced a review for Nabguide Tour & Travel assessing how their Paris delegation programmes align with sustainable travel practice, covering accommodation, transport and catering choices.

Sustainability & Climate Analyst (Apprenticeship)

Jan 2025 — Feb 2026

Sodexo — Global Sustainability Team

Issy-les-Moulineaux, France

Embedded within the Group's Global Sustainability Team, supporting climate reporting, GHG accounting, and CSRD-aligned disclosures across 43 countries.

- **Sustainability Reporting:** Led Carbon Disclosure Project (CDP) reporting process end-to-end, coordinating inputs from cross-functional teams and external consultants. Directly contributed to Sodexo's score improvement from A- to A.
- **Carbon Accounting:** Coordinated global Scope 1, 2, and 3 emissions data consolidation across 43 countries in line with the GHG Protocol, delivering audit-ready inputs underpinning Sodexo's global carbon reporting.
- **Climate Strategy:** Supported [CSRD-aligned updates to the Climate Transition Plan](#), including research on locked-in emissions, decarbonisation pathways, and emission factor reapplication policies.

- **Data Analysis:** Analysed fleet and renewable electricity data in line with GHG Protocol methodology to strengthen sustainability disclosures.
- **Knowledge Management:** Revised internal calculation guides, briefings, and process improvements to support regional teams and clients.
- **Dashboards & Visualization:** Developed Power BI dashboards tracking protein purchasing volumes against WWF Planetary Health Diet benchmarks, supporting low-carbon meal strategy and emissions monitoring.

Graduate Consultant

Oct 2023 — May 2024

UNESCO

Paris, France

Short-term consultancy contributing to UNESCO's policy inputs to Brazil's G20 presidency, focused on the social dimensions of climate transition.

- **Qualitative Research:** Authored "Climate Transition in Brazil: Social Implications of Adaptation Policies — Four Sectoral Case Studies," a research report based on desk review and interviews across water-health, water-energy, coastal management, and agriculture sectors.
- **Policy Writing:** Developed an evidence-based policy brief synthesising research findings into recommendations for UNESCO's contributions to Brazil's G20 presidency on just and socially inclusive climate transition.

Project Associate — Counter-Trafficking, Labour Mobility & Human Development **Mar 2021 — Mar 2023**

International Organization for Migration (IOM)

Jakarta, Indonesia

Programme management role within IOM Indonesia's Labour Mobility and Human Development unit, leading multi-stakeholder counter-trafficking and labour migration projects with government, donors, and civil society partners.

- **Programme Management:** Managed 3 multi-stakeholder counter-trafficking projects (USD 90k–550k), delivering campaign reach of 150,000 people and training 250 cross-sector stakeholders, on time across all planned outputs.
I trained 200 government counterparts and civil society on trafficking victim identification and protection assistance, and I led awareness-raising webinars on trafficking-in-persons to 50 students.
- **Donor Relations:** Liaised with institutional donors (UK FCDO, US Department of State INL, Australian DOHA) on project compliance, reporting, and communication across project cycles.
- **Stakeholder Engagement:** Facilitated workshops and awareness-raising with government officials and communities in border areas (Riau Islands, North Kalimantan, North Sumatera), contributing to development and updating of local anti-trafficking task force policies.
- **Victim Assistance (Protection):** Supported 50+ trafficking survivors with return, legal assistance, and small business establishment as part of reintegration
- **Private Sector Engagement:** convened 20 private-sector representatives through expert briefings producing supply chain recommendations.
- **Capacity Building:** Trained 30 IOM staff on Prevention of Sexual Exploitation and Abuse (PSEA), reinforcing institutional safeguarding standards. Trained 30 IOM staff on Essentials of Migration Management.

Programme Associate — Support & Reporting

Jan 2018 — Feb 2021

International Organization for Migration (IOM)

Jakarta, Indonesia

Cross-cutting programme support role within IOM Indonesia's Country Office, supporting reporting, training delivery, fundraising, and disaster response coordination across the portfolio.

- **Emergency Response:** Co-facilitated DTM operations during the Central Sulawesi Tsunami response in Palu, collecting primary displacement data to inform post-disaster needs assessment.

- **Climate-Migration Policy:** Contributed to IOM's policy brief on migration, environment, and climate change (MECC) in coastal communities of Indonesia, translating field research findings into recommendations for national and regional climate-migration policy.
- **Fundraising & Coordination:** Coordinated multi-stakeholder migration projects, liaising with government, embassies, international organisations, and civil society; contributed to 4 successfully funded project proposals (J/TIP, INL, Australian DOHA, FCDO UK) and supported proposal development and reporting review for EU/ECHO-funded projects.
- **Institutional Reporting:** Managed institutional reporting obligations including UN INFO reports (UNSDCF), institutional questionnaires against migration governance frameworks, IOM HQ submissions, and Annual Reports to the Ministry of Foreign Affairs of Indonesia.
- **Capacity Building:** Trained 50+ IOM Indonesia staff on Migration and Sustainable Development Goals and the Migration Governance Framework.
- **Advocacy & Campaigns:** Delivered Global Migration Film Festival across Indonesia (2018–2020): 50+ screenings, 5,000 attendees nationwide, coordinating with government, cultural institutions, and civil society.

Programme Support Intern

Jul 2017 — Jan 2018

International Organization for Migration (IOM)

Jakarta, Indonesia

First professional role at IOM, supporting public engagement, qualitative field research, and proposal development.

- **Advocacy & Campaigns:** Launched the first Global Migration Film Festival in Indonesia, establishing a national advocacy platform on migration narratives.
- **Field Research:** Co-facilitated primary qualitative field research on climate-induced migration in coastal Indonesia; provided cultural mediation and interpretation for external researchers — informing [IOM's MECC policy brief](#).
- **Proposal Development:** Assisted in development of concept notes, project proposals, and report reviews; supported coordination of national meetings with government stakeholders including the Directorate General of Immigration.

EDUCATION

Master in Advanced Global Studies — Human Rights & Humanitarian Action

2023 — 2024

Sciences Po Paris

Paris, France

Concentration: Research Methods | Coursework: Evaluation of Social Programmes, Qualitative Research Design, Quantitative Methods, GIS/QGIS

MSc Digital Marketing & Data Analytics

2025 — 2026

IPAG Business School

Paris, France

Concentration: AI Project Management | Skills: Python, SQL, Excel (advanced)

Research: AI and Corporate Sustainability Communication in Food Services Company

Bachelor — International Relations (Cum laude)

2013 — 2017

Universitas Indonesia

Depok, Indonesia

Research: Phenomenon of Irregular Migration

SELECTED SKILLS & TOOLS

Humanitarian & M&E: Counter-trafficking • Displacement tracking (DTM) • CCCM • Disaster Risk Reduction • Migration-environment-climate change nexus • Evaluation design • Monitoring framework development • Qualitative & quantitative data collection • Report writing

Climate & Sustainability: GHG Protocol (Scope 1–3) • Carbon Disclosure Project (CDP) • CSRD • Carbon accounting • Decarbonisation pathways • Stakeholder engagement

Research & Data: QGIS • Python (basic) • SQL • Excel (advanced) • Quantitative analysis • Data visualization • Computational media analysis

Donor & Reporting: EU/ECHO • US Department of State (J/TIP, INL) • UK FCDO • Australian DOHA • UN INFO/UNSDCF

Languages: English (Fluent) • French (Professional) • Indonesian (Native)

TRAINING

- **UN Guiding Principles on Business and Human Rights Training** – *United Nations Global Compact* (2026).
- **Digital Sherlocks** – *Digital Forensic Research Lab (DFRLab), Atlantic Council* (2026)
Trained in open-source intelligence (OSINT) methodologies, focusing on social media monitoring, narrative analysis, digital source verification, and tracking online influence operations.
- **Climate Journalism: Investigative Reporting for Every Beat** – *Knight Center for Journalism in the Americas* (2026)
Training on investigative methodologies, source verification, and storytelling techniques for complex climate reporting.
- **Certificate in Artificial Intelligence (AI) for Marketing & Fundraising** – *Nonprofit Tech for Good* (2026)
Practical training focused on prompt engineering, generative AI for fundraising workflows.

VOLUNTEER EXPERIENCES

- **Mobility for Climate Policy (2026):** Deputy Thematic Lead for Climate Displacement, Human Trafficking, and Modern Slavery research and policy circle. Thematic research and policy positioning on climate mobility; coordinate across international team and multiple time zones.
- **Wellbeing Economy Alliance (2026):** Member of a global alliance advocating for economic systems change prioritizing human and ecological wellbeing.
